

AUTO PROCESSION PRECEDES OPENING OF HIGH PAGEANT

Spectacular Event to Take Place
in Natural Amphitheater
in Myrick Park

TENTS OF INDIANS IN TREES ADD TO BEAUTY OF SCENE

Long Heralded Event to Take
Place Friday Afternoon

The procession of automobiles bearing the participants in the pageant "The Growth of Freedom" will form at the high school at 1:45 Friday afternoon, will leave at 2:00 o'clock, go down Cass to Eighth over eighth to Main, down Main to Third, turning north, once more on Third street will proceed over to State, out State to West Avenue and following West Avenue north will continue to the South Entrance of Myrick Park. No cars will be admitted to the Park except those of the people in the parade. The only entrance to the Park for this occasion will be the front gate, the lower road will be closed.

The pageant will be enacted in the natural amphitheater at the lower end of the park. The beautiful stage arranged by nature will itself have charm to every beholder. The tents of the Indians will be hidden in the trees and as the Chief surveys the beautiful landscape which is theirs the sight of the natives dwelling on across the river bank will give an artistic touch of realism. The audience will be seated on the side hill, no seats will be provided. The management suggests that if this seems to be getting too close to nature it would be wise to bring cushions.

Programs Provided

Programs which will add to the understanding and appreciation of each episode as it occurs will be sold for ten cents each and will help to defray the expenses. Miss Charlotte Kober is in charge of the sale of the programs and she has placed them in the hands of students, three from each school. Programs may therefore be obtained from the following: James Jensen, Joe Larson and Edward Berg of the Franklin school, Ralph White, John Buckner and Glenn Wheaton of the Logan school, James Hart, Jr., transville Smith Jr. and Ray Johnson of the Jefferson, Frank Roffey, Wesley Selberg and Wayne Hickey of the Webster school, Roy Volkoff, Horace Ketchum, Ernest Moon, Raymond Haugen from the Washington, Irene Gausch, Frank Doyle, Theodore Norman of the Washburn, Jane Ackerman, John A. Zeratsky, Robert McCormick from the Lincoln, Raymond Wolford, Jay Nelson, Arthur Lagen of the Hogan, Walter Gabel, George Jansky and Bert Johnson from the Hamilton and Thelma O'Connor, Henrietta Gausch and Helen Probert of the High school.

GERMANY TO KEEP AHEAD OF PLEDGE ON REPARATIONS

BERLIN.—By The Associated Press.—To keep right up to date with its reparation obligations, even a good bit ahead is declared in creditable quarters to be the ambition of the cabinet of Chancellor Wirth, which is now speeding activities in a general effort to get them familiarized with the ramifications and technical features of the allied ultimatum and reparation terms which Germany has accepted.

DEATH OF CHIEF JUSTICE EDWARD D. WHITE CASTS GLOOM OVER THE CAPITAL

FUNERAL PRIVATE

WASHINGTON.—Funeral services for the late Edward Douglas White, chief justice of the United States supreme court, will be private. It was announced. They will be held at 10 a. m. Saturday at St. Matthew's Catholic church on Rhode Island Avenue, and will be conducted by the rector, The Right Rev. Monsignor Lee. Interment will be in Oak Hill cemetery, Georgetown.

Justices of the supreme court will act as honorary pallbearers, and members of the cabinet and other high government officials will attend.

TAFT MENTIONED AS POSSIBLE SUCCESSOR TO JUSTICE WHITE

Choice of New Chief Justice
Discussed in Official
Circles at Capital

SECRETARY OF STATE HUGHES ALSO MENTIONED FOR POST

Decision May Go Over Until
After Summer Recess

WASHINGTON.—By The Associated Press.—The choice of a successor to Chief Justice White, as chief justice of the United States, was one of the most widely discussed questions today in official circles of the capital. Speculation centered chiefly about the name of former President William H. Taft.

Among members of the senate, which must confirm the nomination, it was suggested that Mr. Taft, who was president, had no more than sixty years old should be appointed to the highest court.

Hughes Also Mentioned

Another whose name has been linked repeatedly with the highest judicial post is Secretary of State Hughes, a member of the court until he retired in 1916 to accept the republican nomination for the presidency.

One circumstance which now generally is suggested as a barrier to such a transfer is the prominence already assumed by Mr. Hughes as secretary of state, in view of the important phases through which the nation's foreign affairs are passing.

There have been suggestions that a temporary solution of the problem might possibly be reached by the promotion of one of the present justices, the names most frequently mentioned in this connection are those of Justice Day of Ohio and Justice Holmes of Massachusetts.

Secretary Hughes, commenting on the death of Chief Justice White said: "The death of the chief justice removes one of our greatest jurists and he will be remembered as one of the leading figures in the history of the supreme court. He brought to the bench a broad experience in which he had touched every side of life.

He performed the duties of chief justice with rare skill; he had not only the intellectual power requisite to leadership, but also the tact and sympathy which are invaluable in the direction of the work of the courts. In his relations with his brethren, with the bar and with the public, he showed an unflinching generosity and tenderness, and no public man of our time has been more dearly loved by all who knew him.

Mourning by Whole Country
NEW HAVEN, Conn.—Former President Taft, when informed of the death of Chief Justice White, said: "Chief Justice White's death will be mourned by the whole country. He was one of our great chief justices and has been always so regarded."

ALLIED OFFICIALS ALARMED FOR SAFETY OF CONSTANTINOPLE

CONSTANTINOPLE.—By Associated Press.—Alarm over the safety of Constantinople is apparently felt by allied officials here. Operations by bandits and assuming serious proportions, particularly in Thrace. Large numbers of bolsheviks are gathering under guard of American soldiers. Brig. Gen. Harrington, commander of allied forces here, has telegraphed to London to lay the military situation before British authorities.

Turkish nationalists declare that banditry is being encouraged by the Greeks who, they allege, are seeking an excuse for seizing Constantinople.

Veteran Jurist's Passing Comes As Shock To Friends

WASHINGTON, D. C.—The death here early Thursday morning of Edward Douglas White, veteran chief justice of the United States supreme court, cast a shadow over the national capital, where during his long years of service on the supreme bench, he had grown in the admiration and esteem not only of his official associates but of the entire community.

Although all hope for the chief justice's recovery following an operation last Friday, had been abandoned since he took a critical turn for the worse two days ago, the news of his death, which occurred at two o'clock this morning, came as a shock to friends and assistants. The chief justice, who was 76 years old, had enjoyed rugged health up to the time he was forced to submit to the recent operation for bladder trouble and his record of attendance on the supreme bench was traditional.

At the bedside, JUSTICE WHITE was the wife of the chief justice; his two nieces, Miss Ann Montgomery and Miss Mary Broussard, and the Rev. Father S. J. Creedon of Georgetown university, who had administered the last sacrament during the early evening.

According to tentative funeral arrangements announced by Frank K. Green, marshal of the supreme court, who has taken charge, interment will take place here in Oak Hill cemetery following simple services under the Catholic ritual to be held at St. Matthew's church at 10 o'clock Saturday morning.

The body of the late chief justice was removed to his local residence from the hospital where he died. Justice McKenna, as senior associate member of the supreme court, formally notified President Harding of the death of Chief Justice White today.

Following the court's custom the news was sent in a letter inscribed upon a black-bordered parchment and enclosed in an envelope deeply edged in black. Edward Douglas White was born in the parish of Lafayette, Louisiana, November 2, 1854, the son of Edward Douglas White, seventh governor of the state of Louisiana, and Mary, nee Smith, daughter of a prominent family of Maryland. Justice White was educated at the University of Louisiana, and served in the army of the Confederacy and following the war was admitted to the Louisiana bar. He was a member of the Louisiana senate in 1874, and served as chief justice of the Louisiana supreme court in 1875, and elected to the United States Senate in 1891. The next year he was appointed associate justice of the United States supreme court, and served in that position until his death on December 12, 1920, a position which he held until his death.

THREE THOUSAND JOBS AS RESULT OF RAILROAD WAGE CUT

Quarter Million Idle Expected
to be at Work by First
of July

CHICAGO, Ill.—The first stimulant effect of the United States labor board's announcement of an approved railroad wage reduction will be felt Wednesday when the Chicago and Alton re-employed 3,000 maintenance men and shop men.

While rail executives were speculating as to the probable percentage of the cut and union men were attributing the board's unexpected decision to the board's insistence upon an immediate solution of the railroad problems, the Alton shops at Bloomington were reopened. Two thousand men were put to work. Two thousand more, it was announced, will be employed on June 1.

Predictions are made that the 250,000 railroad men now out of work throughout the country will have been reabsorbed by the various roads by the time the wage reductions go into effect on July 1.

New Rules to Benefit Men

Rail chiefs were reticent as to their immediate plans, but they pointed to two expected events which will remove much of the sting from the reductions as far as the unions are concerned. The working rules decision which the board probably will hand down around July 1, is known that the unions will be awarded a definite code of universal rules, based on sixteen principles which will go far toward equalizing the wage cut. These rules, protection of health, overtime, and other fundamentals which will restore to the men brotherhoods their coveted differentials in pay.

The other expected action on the part of the administration within the near future is lowering freight and passenger rates. The executives maintain, however, that the roads will be in no better position financially if rates are lowered and wages are not cut as much as 20 per cent. The employees have announced a 12 per cent cut and the shop crafts have threatened a nationwide walkout if the reductions go above that figure.

WOMEN'S CLUBS ARE REAL FORCE IN COMMUNITY

Reports of Delegates to District
Convention Reveal Value
of Their Work

TWO LEGISLATIVE BILLS ARE ENDORSED BY THE CONVENTION

Juvenile Protection Measure is
Favored by the Women

WOMEN'S Clubs are no longer mere "study clubs." They are a vital force for betterment in the community and are recognized by city councils and state legislatures alike. This was proven by the reports of the delegates to the convention of the Seventh District Federation of Women's Clubs held in the Chamber of Commerce on Tuesday and Wednesday. The Twentieth Century Club of La Crosse, and the La Crosse Woman's Club were the hostesses at the convention.

The business meeting of the conference began with the opening of the last session Wednesday morning. After the reading of the by-laws and minutes of Tuesday's meeting, the delegates and committees gave their reports. The federation president, Mrs. J. G. Chandler of Racine, suggested a few ways in which the individual clubs might strengthen the federation.

"Invite your district president to your club meetings," she said, "you should be in close touch with her so that you may benefit by what others are doing. Attend the conventions when possible and work together for all the benefits we get are due to our numbers. Above all be of service to the community."

The state convention will be held in Appleton, Wis., October 12 to 14. The national conference meets at Salt Lake City, Utah, June 12 to 18. This conference includes a trip through Yellowstone park and concessions in rates have been secured, a round trip ticket from Chicago costing \$70.20.

Favor Bill Pending

Mrs. Soderberg in introducing a resolution favoring the passage of a bill before the legislature providing juvenile and delinquent protection, said: "I should like to see our convention go on record as favoring the bill. When delinquents do as they please with no one responsible for them, they become a menace to the community." The resolution was passed. A motion that the individuals living in institutions near the state board of control, according to the deputy.

Truant for Year

While definite circumstances of the case were not learned, Wranghan was alleged to have received money with which to make his escape from the institution previous to the time of his departure with his mother, according to a statement of Mr. Warner. It was said that Wranghan has been absent from the state institution for a period of a year, coming to the city with his mother following a short visit of Mrs. Wranghan at the home, according to information regarding the case today. He was brought to the police station Wednesday night.

Dolato has been held at Central station since his arrest a week ago, pending word received from authorities at the Chippewa Falls home.

U. S. TIGHTENS RULES REGARDING EMBASSY LIQUOR SHIPMENTS

WASHINGTON.—By The Associated Press.—The state department has taken steps to guard more closely the only avenue by which alcoholic liquors for beverage use may enter the country. In a communication to the heads of the embassies and legations the department outlined new regulations governing the issuance and use of certificates under which members or employees of the missions may obtain liquor shipments, amendment of the existing rules apparently being for the purpose of preventing possible misuse of such certificates.

ATTACH PROPERTY OF MRS. BERGDOLL TO PAY U. S. FINE

PHILADELPHIA, Pa.—Judgment was entered Wednesday in the federal district court here against all the property of Mrs. Emma C. Bergdoll who was sentenced to year and a day imprisonment and to pay a fine of \$7,000 on charges of conspiracy to aid her son, Roy C. and Edwin H. Bergdoll, to desert from the U. S. army. This was done to insure payment of the fine. Mrs. Bergdoll was reported to have said after being sentenced that she would never pay the fine.

CLAMP LID ON ELLIS ISLAND AFTER DEATH OF BOY FROM TYPHUS

NEW YORK.—Ellis Island, through which the bulk of the country's immigration passes, Thursday was placed under strict quarantine because of the death Wednesday from typhus of Andrew Steinback, a Jugo-Slav boy, five years old. The 1,000 immigrants were removed to the detention station at Hoffman's island.

Commissioner of Immigration Wallis announced the Ellis Island station would not be reopened for forty-eight hours. The death was the first from typhus reported here for several weeks. It was decided to remove the immigrants to Hoffman Island so their quarters on Ellis Island could be fumigated.

STANLEY DOLATO IS REMOVED TO HOME FOR FEEBLE-MINDED

Accompanied by Roy Wranghan, Alleged to Have Been Kidnapped from Institution

WRANGHAN TAKEN HOME WITHOUT PROPER RELEASE

Deputy A. C. Warner Sent Here
from Chippewa Falls

STANLEY DOLATO, charged by the police with having chased and frightened two girls in the neighborhood of Seventeenth and Ferry streets on the evening of Wednesday, May 11, was taken to the home for feeble-minded at Chippewa Falls Thursday noon.

Takes Kidnapped Lad

Dolato was taken in charge by A. C. Warner, deputy of the institution, who came to the city also for the return of Roy Wranghan, 14, alleged to have been kidnapped from the home by his mother about a year ago.

Asked about the Wranghan case, Deputy Warner stated that Wranghan had been taken to the institution at the age of ten years and after a period of approximately two years spent at the home, was taken home by his mother without the permission of the state board of control. Wranghan at the time was a state charge and could not be released from the institution without the sanction of the state board of control, according to the deputy.

Truant for Year

While definite circumstances of the case were not learned, Wranghan was alleged to have received money with which to make his escape from the institution previous to the time of his departure with his mother, according to a statement of Mr. Warner. It was said that Wranghan has been absent from the state institution for a period of a year, coming to the city with his mother following a short visit of Mrs. Wranghan at the home, according to information regarding the case today. Paris Press Comments Severely Upon Lloyd George Statement of British Attitude on Si- lesian Question; Briand Reiterates France's Opposition to German Invasion of Silesia

PARIS.—Declarations made regarding Poland and Silesia by Prime Minister Lloyd George of Great Britain Wednesday caused considerable irritation to French newspapers. There was little comment, but it seemed severe. "Fortinax," the political editor of the Echo de Paris, said regarding the statement of Mr. Lloyd George: "Please give us even less, if possible, than you did in the last speech before the house of commons. The affair is too grave henceforth to be treated as politics. There is no getting away from one fact—the entente cordiale is at stake."

Question Wisdom of Statement

LONDON.—Newspapers Thursday showed greater unanimity in endorsing Premier Lloyd George's declaration of the British attitude toward Poland and Silesia, made Wednesday, than they did his almost sensational statements before the house of commons last Friday. There were in some instances references to the judiciousness of reiterating Great Britain's point of view at this moment regarding a point already made sufficiently clear.

The Morning Post was alone in dissenting from the premier's declarations and in an editorial bearing the caption: "Smashing The Entente" the newspaper maintained its antagonism against Mr. Lloyd George's stand, which it declared to be "fantastic and absurd."

Briand Reiterates Stand

PARIS.—By The Associated Press.—France insists upon the execution of the Versailles treaty in drawing the frontier line between Germany and Poland in Upper Silesia. Premier Briand declared Wednesday night upon receiving newspaper correspondents. He stated further that he maintained the position outlined by himself last Sunday, when answering the address of Premier Lloyd George before the house of commons on Friday, he declared that invasion of Silesia by German troops would not be tolerated by France.

M. Briand said he did not see the desirability of meeting Lloyd George before all the documents relating to the Silesian plebiscite had been received from the inter-allied commission at Oppeln. The premier, whose statement was considered as indication of the trend of his impending address in the chamber of deputies would be said:

Demand Treaty Fulfillment

"I have nothing to say except to maintain strictly my viewpoint that France in all this controversy places herself on sole grounds of the Versailles treaty. There is no other basis of discussion possible. On the other hand France and England can converse as equals and Mr. Lloyd George himself will agree to this when the misunderstanding is dispelled."

"I, too, want to see the treaty carried out," said the premier to the correspondent of the London Daily Mail. "But there is nothing in the treaty which stipulates that all the rich mining districts in Silesia must go to the Germans while the Poles will get what is left."

"I do not wish to enter into any controversy with Mr. Lloyd George and I stand by what I said to you correspondents last Saturday."

Expect Attack on Cabinet

When the chamber of deputies reconvened after a recess of three weeks, the Briand cabinet was expected to be the center of a concerted attack.

Twelve interpellations were inscribed on the blotter of the president of the chamber when the session opened. The questions covered a wide field.

Rene Viviani, former premier, was prepared to give an account of his recent mission to America.

It was not believed the putting of a vote of confidence would be reached before Saturday.

The address of Premier Lloyd George on the Upper Silesian question and the payment by Germany of the first reparation installment of 150,000,000 gold marks was said by supporters of the ministry to have solidified M. Briand's position.

LAINE VETOES BILL AFFECTING STOCK OF PUBLIC UTILITIES

Rejected Measure Provides for Stock Issue Without Par Value Stated

MADISON, Wis.—Governor John J. Laine Thursday vetoed senate bill No. 3, which sought to permit public utility corporations to issue stock without any nominal par value. The governor declared the act would "introduce another uncertain element into an already complicated system of public utility regulation."

His veto message reads: "Public service corporations are entirely of a different character than ordinary trade corporations, and under a rate making power of the railroad commission the amount of stock issued is one of the elements taken into consideration in ascertaining a reasonable return."

"When the stocks and bonds relating to public service corporations are enacted, it provided that stocks or certificates of stock should not be issued except in consideration of money, labor or property at its true value. I know of no good reason why that public policy should be changed, and it is not in the interests of the public to introduce another uncertain element into the already complicated system of rate making; and inasmuch as it is assumed that public utility corporations are, mainly, for the purpose of conducting a business, the interests of the public, there is a good reason to insist another uncertainty into a situation that is already more or less confusing."

TWO CENTENARIANS DEAD.—MADISON, Wis.—Death records received by the bureau of vital statistics this week tell of the passing of two centenarians from general death due to old age. Ludwick Neumann, (Gnomonowoc township, Waushara county, died at the age of 100 years and two months, and John Day, (Grand Rapids township, Wood County, at the age of 101 years, one month and eleven days. Last week there was recorded the death of a Milwaukee woman, Bridget Murray, at the reputed age of 118 years. The date of her birth in Ireland was given as the year 1803.

GRAIN BILL PASSED.—SPRINGFIELD, Ill.—The senate of the Illinois legislature passed the anti grain exchange bill Wednesday afternoon by a vote of 26 to 22.

Public Debate

THEATER COSTS

Editor, Tribune and Leader-Press: Dear Sir: While we do not presume to dictate to the council concerning the matter of daylight saving, we believe that we are entitled to speak a word in answer to an entirely irrelevant passage in the discussion of daylight saving signed by an anonymous "Subscriber" in the Public Debate column of Wednesday evening, in which the writer discussed our business from the summit of a truly impressive height of ignorance.

"Subscriber's" ignorance is his own affair, except when he displays it in an attack on another man's business. Then it becomes the other man's affair, also, and he is in self-defense compelled to expose it. So we should like to inform "Subscriber" that prices charged at La Crosse motion picture theaters are, much as it may surprise him, entirely in line with the costs of operation. These costs are right now at their peak—in every detail, the highest that they have ever been. Let "Subscriber" tell, if he can, of any decrease in lighting costs in La Crosse, or of any reduction in express rates, or of any reduction in the production cost of pictures. These are chief items of expense in the picture business; these and the labor cost paid in the salaries of the help required in a theater. Not one but shows an increase over even the cost last year, and the salaries paid to theater employees in La Crosse have not been cut—as a matter of fact they are larger now than ever before.

This matter of our increased cost of operation, of course, only indirectly concerns the public, and we should not force it on their attention were it not that there seems to be no other way to bring it to the eye of the nameless "Subscriber." But we should also like to call attention to the undoubted fact that in La Crosse the public receives more for its amusement money than anywhere else in this state. There is no theater in Wisconsin that equals the Rivoli, even in Milwaukee. Outside of Milwaukee it is admitted to be in a class by itself.

A very good comparison can be made with Madison although, by all standards Madison should have better amusement than La Crosse by reason not only of its 10,000 larger population but also by reason of its large transient public drawn in daily by the state capitol and legislature, and the 2,000 members of the state university student body. La Crosse is a town of around 35,000—Madison's theater public is about 75,000—including the students, state employees and transients. Yet there is no theater in Madison equal to the Rivoli, there are no pictures shown in Madison which are not shown in La Crosse—and as a direct item of expense there may be

ment money than anywhere else in this state. There is no theater in Wisconsin that equals the Rivoli, even in Milwaukee. Outside of Milwaukee it is admitted to be in a class by itself.

Many at Norwalk Convention

About twenty from Sparta attended the County Sunday school convention held Monday and Tuesday in Norwalk. Rev. E. B. North and Mrs. North, Rev. D. J. McFavish, Rev. Joseph S. Morris, Paul Ausla from this city were in attendance and many others. Delegates from Leon and Angelo, also went from here. Many went by auto, but because of the bad condition of the roads, due to the heavy rains, were compelled to leave their cars, and return by train. Splendid programs were carried out at all the meetings. Good music and stirring addresses made inspiring sessions.

The new tool shed, authorized by the County Board last fall, and for which \$5,000 was appropriated, is in course of construction. The shed is being built south of the Milwaukee depot, back of the Midway grocery. The building will be 40x150 feet, and will be built on a good concrete foundation. DECLAMATORY AND ORATORICAL EVENT AT NORMAL FRIDAY

Fred Hankerson to Represent Local High School in Big Forensic Gathering

The annual High School District Oratorical and Declamatory Contests will be held at the Normal school on Friday of this week. The declamatory contest for girls will be held in the auditorium of the normal school building at one o'clock on Friday afternoon, ending in time to make it possible for all those who wish to do so to attend the pageant in Myrick Park. The oratorical contest for the boys will be held in the same room at 7:30 in the evening. After this second contest the visiting delegates and their friends will be entertained by the members of the Normal school student body at an informal dancing party. A special program, which will

be attended by many of the visitors will be given in the auditorium at the regular general exercise time Friday morning.

Much interest has been displayed in this contest this year. The students of the various high schools to be represented have put much time and effort into their work, and have been looking forward for some time to the opportunity to compete at the Normal school. For these contests the state is divided into a number of districts, one of which has its center at La Crosse. In each of these districts there exists a number of local leagues. The winners of the contests in each of these local leagues in this district are sent here to participate in the district contest. The winners of the contests are to be sent to Madison to compete for first honors in the state meet at some later date.

For the first time in many years the La Crosse High school will be represented in this district contest, Fred Hankerson, local orator who defeated

the speakers from Tomah, Sparta, and Viroqua, will represent La Crosse High. His oration is "Toussaint L'Ouverture" by Wendell Phillips.

The committee in charge of the arrangements for the contests wish to invite all who are interested to attend both sessions. A nominal admission price will be charged, which will also admit the persons to the dance which is to be held afterward.

WISCONSIN SENATE THURSDAY APPROVES I. R. AND R. BILLS

Passes Blaine Measures for Initiative, Referendum and Recall

IDENTICAL BILLS DEFEATED—EARLIER IN THE SESSION

Huber Substitute for I. and R. Fails of Passage

MADISON, Wis.—Two administrative measures, the initiative and referendum and legislative recall of appointive officials, were approved Thursday by the Wisconsin senate, although nearly identical measures had been defeated earlier in the session.

The recall, which has passed the assembly, was sent to third reading by a vote of 2 to 12 after an amendment by Senator Kothe, which partially nullifies the measure had been adopted. The amendment permits the governor to remove officials on recommendation of the legislature, but prevents legislators acting independently of the executive.

The final vote was: Ayes—Anderson, Berggren, Buck, Burke, Clarke, Connelley, Scott, Swenson, Thayer, Huber, Kistner, Moran, Nyce, Olson, Ridgeway, Taithe, Severson, Skogmo, Smith, Standenmeyer, and Tietzel, 22. Nays—Arnold, Benfer, Boyer, Bird, Hirsch, Jennings, Kuehn, Lange, Morris, Mulberger, Peterson and Werlein, 12. Absent—Bennett.

Efforts of Senator Huber, administration leader, to offer a substitute amendment to the Skogmo initiative and referendum resolution failed when his plan, which followed closely the draft rejected several weeks ago, was defeated, 17 to 12. His substitute would have permitted twelve percent of the voters to initiate new legislation.

Following defeat of the substitute amendment to the initiative was Congress without a record vote.

TRUCKMAN ARRESTED IN CONNECTION WITH WALL STREET BLAST

NEW YORK—A federal warrant was issued Thursday for Giuseppe De Filippo, Bayonne truckman detained as a suspect in the Wall Street explosion, charging him with having attempted to destroy the U. S. assay office.

The warrant, issued by U. S. Commissioner Hittcock on complaint of Charles H. Seely, head of the department of justice, headquarters of the United States, has been identified by several persons as the driver of the death car which figured in the explosion.

ORPHANAGE BENEFIT PERFORMANCE TONIGHT

Tonight at 8 o'clock is the time set for the raising of the curtain on the three one-act plays which are to be staged by the Studio Players, a local amateur dramatic organization, at St. Joseph's hall, for the benefit of St. Joseph's orphanage.

The program, which is under the direction of Miss Rosalie Lyga, consists of "The Flower Shop," a delightful comedy, "The Maker of Dreams," a light drama, and "Ten O'clock," three plays which have made phenomenal runs in the larger cities and which have been greatly commended. The fact that these three plays were successfully staged by amateurs in the eastern and middle-western states was the deciding factor in reproducing them in this city. At the dress rehearsal everything went off in "top-notch" shape and from all appearances the performance will be a great success. Many tickets have been sold by school children and members of the cast, and the hall, which has a seating capacity of five hundred, is expected to be completely filled.

and study club of the library exhibit, and a display in the assembly room of the chamber of commerce was prepared by Mrs. Robert E. Lowry on Wisconsin writers. In the exhibit are letters from and concerning various Wisconsin authors and autographed copies of their books.

Books by Local Boy

There are also marked copies of current magazines containing articles by Wisconsin writers. The display contains books by William Proffert who grew to manhood in the state, and those who have been working on a La Crosse newspaper, the Leader-Press. After graduating from the state university he settled in Milwaukee and is now representing that district in the state legislature.

Mrs. Lowry prepared the exhibit for the La Crosse Women's Club and has been asked to show it at the normal school here. She offered to take it to any of the clubs wishing to study Wisconsin authors and their work.

The list of delegates to the convention of Women's Clubs is as follows: La Crosse: Mrs. A. Hartley, Mrs. A. J. Hirsch, Mrs. W. C. Peterson, Mrs. J. A. J. INSURGENT REPUBLICANS WIN IN FIRST TEST OF STRENGTH IN THE SENATE

WASHINGTON, D. C.—Republican insurgents, allied with democrats, leaped into control in the senate Wednesday and broke up the "regular" program calling for a \$500,000,000 outlay for the navy next year.

On the first test of strength the insurgents demonstrated that they are not only able to overthrow many of the naval affairs committee's recommendations, but that they can also muster sufficient votes to force the adoption of virtually any kind of a disarmament proposal they see fit.

They are not disposed, however, to go to unreasonable extremes, their leaders declared. It is probable that they will go no further than adopting the Borah amendment, which merely requests the president to enter into negotiations with Great Britain and Japan for an agreement to curtail naval building.

May Ask Halt in Building

It is possible that they may go one step further and adopt the Pomeroy amendment authorizing the president, if he sees fit, to suspend the present

HOPES OF NATION FOUND IN EUROPE SAYS SPRECHER

Masterful Address on Export Opportunities Given at Bankers' Meeting Here

If the United States would continue to be a prosperous nation it must finance Europe so she can buy our raw materials and manufactured goods, W. E. Sprecher, Independence, president of the Wisconsin Bankers' association, told Group Seven bankers' convention at the city hall Thursday morning.

"Inflation resulting from the war must be offset by production to restore normal conditions," the speaker said. "Europe needs our goods and our raw materials to recover from the effects of the war. United States now holds one-half of the gold of the world. We cannot consume by far what we raise or make in this country. We must market these products in foreign nations if we desire this country to continue as a prosperous nation."

Exports Decreasing

"Exports are decreasing at the rate of \$100,000,000 monthly, according to the latest figures available. In order to stimulate export business and find a market for the surplus stocks in this country, we must finance Europe."

Mr. Sprecher said that the organization of the Foreign Trade Financing corporation was a step forward. As Wisconsin produces three per cent of all the goods which find a market in foreign countries it behooves bankers to take stock in this corporation, which is capitalized at \$100,000,000. The corporation's plan is to extend long term credits to manufacturers engaging in foreign commerce and long term credits to foreign nations buying here.

Mr. Sprecher handled the subject in masterful style and his talk was well received.

LEADER OF BADGER ANTI-SALOON LEAGUE NAMED IN WARRANT

Hutton Charged With Violation of State Corrupt Practices Act

MILWAUKEE, Wis.—R. P. Hutton, state superintendent of the Wisconsin Anti-saloon league, for whom a warrant was issued late Wednesday, charging violation of section 27127 of the state corrupt practices act, is out of Milwaukee and will not return for a week or ten days, according to Mrs. Hutton, who communicated with District Attorney W. C. Zabel, who issued the warrant.

Mrs. Hutton said her husband is in Ashland, Wis., where he is carrying on the work of the league, and that she had notified him that he had been named in a warrant. Conviction carries a maximum fine of \$1,000 or three years' imprisonment.

Friends of Mr. Hutton at the anti-saloon league headquarters said they expected him to return immediately to fight the charges, which were preferred by Judge Levi H. Bancroft of Richland Center, as an outgrowth of the recent judicial election, but Mrs. Hutton said he did not intend to return for several days. Mr. Zabel said the state would await the completion of Mr. Hutton's business in Ashland before pressing the charge.

NEWSPAPER MEN TALK OVER 44-HOUR WEEK AT CHICAGO MEETING

Subject Discussed at Meeting of
Inland Daily Press Asso-
ciation

CHICAGO, Ill.—Warning that the day is not far distant when the most aggressive, intensive selling of newspaper space will be necessary, editors met Wednesday from 11 W. Harrington of Moline, Ill., speaking before the Inland Daily Press association.

"A market of falling prices does not mean that money cannot be made today," on the contrary previous periods following the Napoleonic and Civil wars were the foundations of the prosperity that followed in England and America," said Mr. Harrington.

"When the merchant complains to-day that he is not getting results from his newspaper space," he continued, "it is up to the newspapers to seek out the trouble and point out the remedy. Very often it lies in the size of the advertising appropriation."

Discussion of the 44-hour week, which the typographical union is seeking to enforce in all newspaper shops, having job connections also comes up Wednesday. Disarrangement of publication schedules is seen by the publishers should the shorter week be inaugurated.

The paper mill strike situation was explained by E. P. Adler, chairman of the newspaper committee of the American Newspaper Publishers association.

"There is no shortage of print paper," said Mr. Adler. "America is now producing about four thousand tons daily as against seven thousand tons, but there is paper enough for all. Newsprint can be bought on the spot market at from 4 1/4 to 5 cents a pound."

MEXICAN LIBERALS WARN OBREGON OF FATE OF MADERO

MEXICO CITY.—Beware the fate of Francisco Madero, who failed to heed solicitations to change his policy, and fell," was the warning sent to President Obregon Wednesday by liberal-constitutionalist members of the chamber of deputies and the senate.

This warning was contained in a memorial drafted at a caucus of the liberal-constitutionalists, and it made pointed charges that Belas Galles, secretary of the interior, and Adolfo de la Huerta, former president, and now secretary of the treasury, had attempted to cause disaffection against the Obregon administration. The document was signed by 135 deputies and several senators.

HERE IS A GRADUATE WHO IS STEADILY FORGING AHEAD

May 19, 1921.
Wisconsin Business University,
La Crosse, Wisconsin.
Dear Friends:

Your letter received last evening and was pleased to hear from you. Have not written since starting work here for the reason that I've been putting all of my spare time and energy on the work.

Have been working for a month now and certainly enjoy getting on the job once more. This concern has recently been incorporated and I am to be the secretary to Mr. Daniels and take charge of the office work generally. Started work at my own price and received a \$14.00 raise at the end of three weeks.

Was in St. Paul a couple of weeks ago and ran across one of the "WB" students, Miss Olson, the girl who sat directly in front of me in the Stenographic department.

As you say, things are very quiet as regards position openings, and I was very fortunate in locating this work upon arriving in Minneapolis.

Kind regards to all connected with the "WB" that I know, and a successful season for your school.

Sincerely,
FAY C. FARNHAM.
With—Daniels Motor Co., Minneapolis, Minn.
Home Address—Sparta, Wis.

Business men always go to these schools that they know have the best trained graduates. They have come to the "WB" for years because they know they secure the most competent office people. A good school gives you a good training and assures you of a good position.

DEFUNCT AUTO FIRM PLANNED MERGER WITH BADGER COMPANY

St. Louis Concern Charged With
Using Mail to Defraud in
Sale of Stock

EAST ST. LOUIS, Ill.—The Moore Motor Vehicle company of Danville, Ill., was preparing to merge with a Wisconsin motor truck manufacturing company a year ago when a receiver was appointed to take over the company's affairs. It was brought out in federal court here Wednesday. This was testified to by A. L. Thiemme of Lafayette, Ind., at the trial of six men charged with using the mails to defraud in connection with sales of the company's stock. Mr. Thiemme asserted he purchased \$4,500 of the stock.

The government contends the defendants misrepresented the stock through the mails and disposed of \$1,000,000 of it.

The defendants are: George L. Moore, Los Angeles; Edward K. Gallagher, Minneapolis; Albert C. Leach, Denver; John P. Behn, Chicago; J. W. Patti, Salt Lake City; and James H. McKers, Harvard, Ill. All except Patti were officers of the concern.

SEEK TO IDENTIFY WOMAN LAST SEEN WITH SLAIN BOY

DETROIT, Mich.—The police are making efforts to further identify Mrs. Sarah Lewen as the woman last seen with six-year-old Max Ernest, whose body was found Monday night in a ditch in the eastern part of the city. Several women who saw a woman with the child shortly before the police say the boy was strangled to death were to be taken to the woman's detention home this afternoon. One woman already has identified Mrs. Lewen, the police say.

Following a two-day examination by Dr. Jacoby, psychiatrist for recorders court, announced Mrs. Lewen was sane. He requested the police to discontinue their examination of the woman for a few days and the officers ceased their questioning.

Mrs. Lewen still was held Wednesday on a kidnapping charge.

'The Rosary'
The Sweetest Story Ever Told.

CECIL B. DeMILLE'S
PRODUCTION
"Forbidden Fruit"
By Jeanie Macpherson. A Paramount Picture.

"FORBIDDEN FRUIT" is crowded with compelling contrasts in its theme, and in its treatment. These contrasts are so vivid and so striking that they give a new note of realism hitherto unattained on the screen. Some of these contrasts are:

Moments of big dramatic intensity—
A theme as ancient as Eden—
Luxurious and lavish wealth—
A golden thread of romance—
Action as logical as
Gravity—

Flashes of keen humor.
Treated in the spirit of today.
Spirit-crushing poverty.
A pulse-quickenning melodrama.
A tremendously surprising climax.

IT IS THE WONDER PICTURE OF 1921!
With Agnes Ayres, Theodore Roberts, Kathlyn Williams, Forrest Stanley, Theodore Kosloff, Clarence Burton.

may be counted by the thousands and its popularity has extended over many latitudes. Mr. Pinero awarded designed the place as a pleasant entertainment, the place as a "problem play," and the proof of its success is the fact that he has accomplished his purpose in the fact of the world's phenomenally successful career in all parts of the world.

NEAL HART IN "GOD'S GOLD"

Moving picture men and women—actors and actresses—very seldom claim to be sailors, and the cast in "God's Gold," a Pinnacle production to be shown at the Rivoli today and at the Casino on Saturday is no exception.

One of the big scenes in this picture, a gripping story of the sea, is a storm. Storms on the Pacific aren't every-day occurrences and so this scene was delayed until weather conditions appeared to be very favorable, or unfavorable, depending upon the viewpoint.

Conditions became too unfavorable, however, when the storm broke, for it was one of those that had no respect for motion picture companies or any one else. The scenes were "shot" all right but when it came to returning to dry land the cast found itself in somewhat of a predicament. The ship became unmanageable and for a while after the entire crew had been given a real scare, the storm subsided almost as suddenly as it arose and the party was soon on dry land once more.

INGROWN TOE NAIL
TURNS OUT ITSELF
A few drops of "Oulgro" upon the skin surrounding the ingrowing nail removes inflammation and pain and so softens the tender, sensitive skin underneath the toe nail, that it can be penetrated the flesh, and the nail grows naturally outward almost overnight.

"Oulgro" is a harmless, antiseptic, manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

HUNDRED AMERICANS REPORTED IN HANDS OF RUSSIAN REDS

WASHINGTON.—Appeals to the state department by persons having friends or relatives detained in Russia show that 100 Americans are held by soviet authorities, a much larger number than indicated in official reports. The situation has served to strengthen the administration's determination not to deal with the government at Moscow until the status of Americans in Russia is remedied, it was said Wednesday.

PROTESTS REPEAL OF EXCESS PROFITS TAX

WASHINGTON.—Opposition to a revision of taxes on the basis of wishes of a "majority of the wealth" rather than a majority of the people was expressed today by R. T. C. Atkinson representing the National Grange, who filed with the senate finance committee a lengthy protest against a general sales tax and repeal of the excess profits tax.

FITZPATRICK URGES ESTABLISHMENT OF JUNIOR COLLEGES

Advocates Plan to Relieve Congestion at the State University

MADISON, Wis.—If the present normal growth of the university is continued it will have an enrollment of 12,000 in 1930 and 45,000 in 1945, was the estimate of E. A. Fitzpatrick, secretary of the state board of education, before the finance committee Wednesday, appearing in behalf of the bill to establish junior colleges, introduced by Senator Nye.

"If we wait until 1930 or 1945, when the problem of congestion will be upon us," Fitzpatrick stated, "Wisconsin will face a serious educational crisis."

Senator Nye's junior college bill was advocated by Fitzpatrick as part of a deliberate program to decentralize the first and second year of college work from the university and give equivalent studies at the home towns of the students.

Major Fitzpatrick stated that Grand Rapids, Mich., has a junior college which saved the parents of the city \$250,000 a year and that a junior college at Los Angeles saved \$100,000 a year to parents.

Should junior colleges be established by the legislature, the machinery for taking over private colleges by communities would be established, Fitzpatrick suggested.
